DOW BUILDING SOLUTIONS PRICE INCREASE ANNOUNCEMENT

Dear Valued Customer,

Commencing with orders having a ship date of November 1, 2014 (or as contracts allow), The Dow Chemical Company announces a U.S. price increase of eight percent (8%) on all STYROFOAM™ Polystyrene Foam Board Products.

To effectively manage orders prior to November 1, 2014 Dow may limit the quantity of orders placed in advance of the increase. Orders shipped between October 1, 2014 and inclusive of October 31, 2014, may not exceed your average monthly purchases for September and October 2013.

Full truckload orders placed prior to October 20, 2014, will be shipped at pre-increase prices provided that you have not exceeded your 2013 average monthly purchases. Please note that all commercial job quotes for orders with a ship date on or after November 1, 2014, will reflect the increased price. Previously quoted pricing for existing jobs will be honored and escalators will apply.

New list price sheets will be issued in mid-October. Your Dow Sales Representative will be contacting you to review your new prices.

The challenging truck industry dynamics leading to the immediate freight surcharge action as outlined in the letter of September 8, 2014, have not changed. We are working with our logistics provider to address the challenges outlined in our earlier announcement.

We remain committed to delivering the highest level of service, to providing quality products and to helping you enhance your business. Thank you for your continued support. If you have any questions, please contact your local Dow Sales Representative.

Very truly yours,

A handwritten signature in black ink that reads "Timothy C. Lacey".
