AUG 11 2017

KAMCO SUPPLY CORP  
181 NEW BOSTON ST  
WOBURN, MA 01801

Dear Customer:

Kindly note that various raw material vendors have implemented several price increases and allocations over the past 6 months, including supply interruptions.

Rhino Linings Corporation strives to keep the price of chemicals constant to our customers and avoid supply disruptions; however, the recent market changes necessitated the need for us to pass on a minimal price increase.

On August 14, 2017, all silicone coatings will increase by \$1.00 per gallon, and all foam products will increase by \$0.05 per pound.

In an effort to minimize the impact of the increase on your business, orders shipped by August 11, 2017 will be fulfilled at current pricing.

Thank you for your continued support and business. Please feel free to contact us should you have any questions.

Sincerely,

Elaine Luttrell  
Vice President, Sales Operations & Marketing
