

GRABBER
CONSTRUCTION PRODUCTS

A 100% Employee Owned Company

Oct 6, 2014

Dear Customer,

We would like to thank all of you for the support of Scorpion Fasteners / Grabber Construction Products throughout the years. Our commitment to you our partner is the main focus; we will continue to assist your business with the quality, knowledge, and service that you expect from us.

I would like to take this time to update you on the happenings of the past few months. Our suppliers have seen pricing increases due to the adaptation of new Taiwanese regulations imposed on plating factories and the disposal of untreated waste from production. As factories are being forced to close, compliant factories are seeing unprecedented delays due to added demand. Unfortunately, at this time we must adjust Scorpion / Grabber pricing to reflect these changes.

| Acoustical Fasteners packaged | 5 % ” |

Please look for these changes starting Nov 1, 2014.

If you have any question, please contact your salesman or give me a call at 1-800-233-0461, we would be happy to help anyway we can.

Thank you,
