CertainTeed (No-Coat®, AquaBead®, Levelline®)

Grabber greatly appreciates your efforts supporting our products and services, and as such would like to provide you with advanced notification that our vendor partner CertainTeed is implementing a price increase. The increase is driven primarily due to several input costs to include energy and its impact on all materials.

Grabber will be implementing this price increases effective February 12th, 2018. Please contact your Grabber account manager for specific details.

We appreciate your support in helping communicate these price and market adjustments, and we look forward to continuing to grow and develop your business together. Remember to ask your Grabber account manager about product demo's, lunch and learns, and all our new products coming to market! We are excited to be partnered with you and look forward to 2018 together.

Best Regards,

Todd M. Balestrieri
Vice President of Sales
