

Tectum Inc. announces an improvement to Finalè product line

Effective immediately, Tectum Inc. announced a change in our Finalè panels. As the SoniCor product we have used for the past nine years is no longer available, **the replacement acoustical enhancement product will now be 6 pcf 1" mineral wool** manufactured by Johns Manville.

Sales Info:

- Acoustically, the Mineral Wool is superior in performance to SoniCor
- Tectum does not anticipate any price change
- **May experience lead times**
  - **Check with local rep on more accurate dates**
- The Mineral Wool is "in house" and production began January 11, 2016
- Full scale ASTM C-423 full room testing will be conducted immediately at testing facility
- Lowers heating and cooling bills
- Have 2000 F degree melting point

Update will be posted to "Resources" on the Kamco Boston website
